Descriptive Price List of

GLADIOLUS BULBS

Spring, 1929

In presenting my initial price list for your consideration, I desire to say, first, that the practice of my predecessor of always dealing fair, giving good service and full value for the dollar will continue to be MY policy, and all stock that I send out will be of the best quality, at the lowest prices consistent with good business methods. Business success depends largely upon the confidence of the buyer in the seller, and it will be my earnest endeavor to establish and maintain a reputation for "Square Dealing" that will create that confidence.

The list, altho not as extensive as that of many growers, is composed of standard, proven varieties, many of which have been prize winners in flower shows in recent years. In keeping with the progress of the "Glad world," additional varieties will be offered as soon as sufficient stock is available.

Your patronage is solicited, with an absolute guarantee of satisfaction or your money back. Thank you.

To Whom It May Concern:

Owing to other interests that occupy most of my time, I am retiring from the field as a commercial Gladiolus Grower, and have disposed of my Gladiolus stock, equipment, mailing lists, etc., and the good will of my business to Mr. H. F. Webster, who has been my foreman for the past two seasons.

Mr. Webster is a practical bulb man of many years experience and worthy of your patronage. During the coming selling season I will give him all the assistance possible, and will be more than pleased to see the names of all my old customers, and many new ones, on his sales records.

Signed: C. C. PIPER
